

## ABOUT SUMMER SCHOOL

The Summer School will focus on various aerogels applications, modeling, commercialization and transfer to industry. Among the participants of the first Summer School in 2017 were representatives from different countries - Germany, Switzerland, Poland, Serbia, France, India, Turkey, Norway. We are glad to continue this practice, which contributes to the long-term development of relations in the framework of international cooperation, the unification of representatives of the Russian and foreign aerogel community.
